Engaging with you and recognising
the added value you bring

Dear colleague

As chair and chief executive of the NHS Confederation, we are delighted to launch our new associate programme. The NHS Confederation is taking a serious approach to engaging with you and recognising the added value you can bring, as well as realising the shared benefits of closer collaboration.

That's why we've refocused our programme to allow you to meet with us and our teams more regularly. We now have an 18-month rolling programme of events led by some of our leading policy experts and senior team, covering topical issues such as health devolution and the impact on patient care.

As the leaders of the NHS Confederation, we've committed to our associate programme and we will both be personally contributing to the programme during the year. The dates of these meetings and our wider schedule of events are on the enclosed calendar.

We've also extended the range of policy updates to keep you and your colleagues informed on what the NHS Confederation is doing and the opportunities for you to be involved. You'll also receive our daily media summaries of key health-related news and exclusive access to relevant online webinars on current policy and workforce issues.

We look forward to welcoming you as an associate.

Best wishes

NHS Confederation Associates

We've made some impressive changes to our associate programme.

NHS Confederation associates are organisations who work with and supply services to the NHS.

The new associate offer has been refreshed and the pricing structure has changed to reflect this. We think you'll find our new rates highly competitive and great value for money.

The offer now comes with an 18-month event calendar, which provides networking opportunities with NHS Confederation experts and other industry-wide colleagues.

In addition, all associates will receive specially tailored discounted services, including reduced exhibition stand rates at the NHS Confederation annual conference and discounted delegate rates. This will also be extended to all NHS Employers events. More discounts are provided for Horizon Leeds, our award-winning event venue.

Associates will also receive a number of newsletters, including our popular daily media summaries, which provide a round-up of all the NHS health and care news straight to your inbox every morning. *The insider* is the newest publication to our range of weekly and monthly information channels. It will provide you with inside knowledge from our policy experts on key issues currently facing the NHS. Produced to coincide with the calendar of events so you'll get a taste of what to expect when you book your place.

You'll also receive our weekly NHS Workforce Bulletin to keep you up to date with the latest information on topics affecting the NHS workforce.

For an application form, please email associates@nhsconfed.org
