Thursday 30 November 2017

1.00pm – 5.50pm, followed by drinks reception

The Law Society, 113 Chancery Lane, London WC2A 1PL

13:00 – 13:30 **Registration, coffee and networking**

13:30 – 13:45 **Chair's welcome**
Jim Easton, Chair, NHS Partners Network

13:45 – 14:25 **Keynote address**

14:25 – 15:35 **Breakout sessions:**

1. **Supporting the NHS with...improving operational efficiency**

This session will look at how the independent sector is already helping the NHS ensure better value for money in areas such as diagnostic care, back office functions and moving care into the community, and we would be delighted if you could share your expertise in improving efficiencies in pathology services.

Chaired by: Justin Ash, former Chief Executive, Oasis Dental Care

2. **Supporting the NHS with...engaging the patient in change**

This session will examine how the health and care system is working with patients to improve their services and putting choice and consumer control centre stage.

Chaired by: David Hare, Chief Executive, NHS Partners Network

3. **Supporting the NHS with...delivering population health management and accountable care**

This session will examine some of the early learning from accountable care systems in England and also go into detail about how accountable care is working in other countries, concluding with lessons and thoughts on where the health and care system needs to go next in developing effective accountable care.

Chaired by: Julie Wood, Chief Executive, NHS Clinical Commissioners
