Welsh NHS Confederation
Confederasiwn GIG Cymru

Alcidion UK Limited
Stand 28c

Alcidion's software unlocks value from existing technology solutions, showing real-time capacity and demand across entire systems, identifying bottlenecks, automating routine activity and providing clinical decision support along each patient pathway, reducing the cognitive burden on staff.

From ward to board, we help the NHS to unlock value from existing technology, fill digital maturity gaps, and engage in digital programmes that deliver value quickly at a patient, organisational and system level.

Email: michelle.manuel@alcidion.com
Website: www.alcidion.com
X Handle: [@alcidion](https://twitter.com/alcidion)

argenx UK Ltd
Stand 21

argenx is a global immunology company committed to improving the lives of people suffering from severe autoimmune diseases. We are science-based, data-driven and patient-focused. We are on a bold mission to achieve the unthinkable – to redefine immunology

Email: nbuckley@argenx.com

AWS Stand 14

For 16 years, Amazon Web Services (AWS) has been the world's most comprehensive and broadly adopted cloud platform. AWS offers over 240 fully featured services for compute, storage, databases, networking, analytics, robotics, machine learning and artificial intelligence (AI), Internet of Things (IoT), mobile, security, hybrid, virtual and augmented reality (VR and AR), media, and application development, deployment, and management from 108 Availability Zones within 34 geographic regions. Millions of customers, including the fastest-growing startups, largest enterprises, and leading government agencies' trust AWS to power their infrastructure, become more agile, and lower costs. The AWS cloud is uniquely positioned to provide scalable cost-efficient solutions for public sector customers to help them achieve their missions and increase collaboration across agencies and organisations.

Website: <https://aws.amazon.com/uk-public-sector>
X Handle: @AWS_UKI

Bayer plc Stand 13a

Bayer UK & Ireland is a leading life science company and aspires to provide world-class digital health technologies (DHTs) to underpin peoples' health and wellbeing.

Bayer UKI believes that the way healthcare is provided in the UK needs to be via an integrated approach through innovative and transformative solutions that utilise digital therapeutics alongside more traditional interventions. These solutions can apply to different healthcare priorities, from supporting disease awareness and prevention programmes, enabling early and accurate diagnosis, to personalising healthcare pathways.

If you'd like to learn more, please e-mail us at digitalhealthUKI@Bayer.com

Website: www.blakemorgan.co.uk

BMJ Group Stand 17

BMJ Group is a global healthcare knowledge provider with a vision for a healthier world. We promote better scientific evidence and help create better clinical decisions and health systems through three lines of business:

1. Publishing and Events: Influencing health policy and practice and connecting communities through impactful research publications, data tools and event delivery.
2. Careers and Learning: Empowering healthcare professionals worldwide throughout all career stages with exam preparation, interactive learning modules, and job boards.
3. Digital health: Enhancing medical expertise and clinical decision-making by innovating evolving evidence based content and platforms based on the latest research and guidance.

Boehringer Ingelheim Stand 29a

Boehringer Ingelheim is working on breakthrough therapies that transform lives, today and for generations to come. As a leading research-driven biopharmaceutical company, the company creates value through innovation in areas of high unmet medical need. Founded in 1885 and family-owned ever since, Boehringer Ingelheim takes a long-term, sustainable perspective. More than 53,000 employees serve over 130 markets in the two business units Human Pharma and Animal Health. Learn more at www.boehringer-ingelheim.com/uk

Email: communications.bra@boehringer-ingelheim.com
Website: www.boehringer-ingelheim.com/uk

Breast Cancer Now Stand 30b

We're Breast Cancer Now, the research and support charity. We're here for everyone with breast cancer.

Alongside funding life-saving research and providing information and support, we work closely with healthcare professionals to make sure everyone affected by breast cancer gets the best treatment and care, when they need it.

Why? Because our vision is that by 2050, everyone diagnosed with breast cancer will live and be supported to live well. But to make that vision a reality, we need to act now.

British Red Cross Stand 11

Y Groes Goch Brydeinig | British Red Cross

As an international charity The British Red Cross has helped millions of people in the UK and around the world for 150 years to get the support they need when crisis strikes. Providing practical, local and emotional support our services are designed to help people most in need.

Operating across Wales, we work in close partnership with Health Boards, Local Authorities and third sector organisations.

From in Emergency Department support, Hospital to Home and within our communities, we believe that the power of kindness is fundamental to delivering high value services for all.

The British Red Cross, Here for Humanity.

Cymru Versus Arthritis Stand 10

Versus Arthritis is a UK charity committed to supporting the 10 million people living with arthritis. We believe that no one should live with the pain, fatigue, and isolation arthritis can cause. Through cutting-edge research, we are discovering breakthrough treatments and providing information, advice, and services to help people manage their condition. We campaign for better care, influence policy, and work with healthcare professionals to improve support for people with arthritis. Together, we are working to defy arthritis and transform lives by creating a world where everyone with arthritis can live well

Email: walessupport@versusarthritis.org
Website: www.versusarthritis.org
X Handle: [@versusarthritis](https://twitter.com/versusarthritis)

Daiichi Sankyo Stand 15

Daiichi-Sankyo

Daiichi Sankyo UK Ltd is a UK affiliate company with corporate origins in Japan. We supply innovative products to help the NHS to deliver better patient care in the fields of cardiovascular disease and oncology.

Our company was founded in 2006 through the merger of Japanese companies Daiichi and Sankyo in Europe. With a rich legacy of scientific expertise dating back more than 100 years, we are the pioneer behind leading pharmaceuticals that have contributed to the improvement of many lives across the world.

Our mission is to contribute to the enrichment of quality of life through the discovery and delivery of innovative medicines that address diverse and unmet medical needs.

We are committed to providing innovation that demonstrates value and supports the NHS in its delivery of sustainable high-quality care, enabling efforts to reduce health inequalities and unwarranted variations and which puts the patient at the heart of the service.

Daisy Communications **Stand 28b**

In 2021, Daisy Communications acquired Premier Patient Line, bringing these two great companies together – meaning we can now bring even more experience and industry specialism. Together we have a strong reputation for delivering bespoke, yet cost-efficient, telephony solutions to GP Surgeries, Hubs, Federations, PCNs, CCGs, ICBs and CSUs nationwide.

As a leading supplier to the NHS, we are accustomed to working directly with centralised practice networks looking to take advantage of integrated solutions and the cost benefits these efficiencies can bring.

Our services have resulted in substantial improvements to patient access and as a result, we are rated the number one supplier for Telecoms Systems & Services, Call Recording, and Internet & Wifi Services on Practice Index.

Whether you're looking for fully integrated hybrid or cloud-based communications solutions, contact us to explore unified communications and how it will work for you.

Deep End Cymru **Stand 28a**

Deep End is a movement that began in Scotland in 2009, inspired by Dr Julian Tudor Hart, and has spread across the UK and internationally. Deep End Cymru launched in November 2022 and is a network of the GP practices that have the highest proportion of their patients living in the most deprived communities. Deep End Cymru seeks to introduce measures that mitigate impacts of inequitable health determinants through:

- Supporting the development of these practices
- Developing systems leadership and collaboration
- Advocating for the communities, as well as for the GPs and their practices.
- Improving patient outcomes and staff well-being

Digital Health and Care Wales Stand 29

Digital Health and Care Wales is an expert national body and part of NHS Wales. Together with NHS colleagues and stakeholders, we provide digital and data services to support the delivery of health and social care in Wales.

We provide frontline staff with digital tools that help them give safer, more efficient care and we empower patients and the public to live healthier lives with digital tools to better manage their own health and wellbeing. We put people at the heart of what we do, working to the highest standards to deliver quality and make digital a force for good in health and care.

Website: dhcw.nhs.wales
X Handle: @DHCWales

Genomics Partnership Wales Stand 5

New genetic and genomic technologies are allowing us to develop a much more detailed understanding of the link between our genes and health.

In recent years there has been international recognition that these technologies have the potential to revolutionise medicine and public health.

Genomics Partnership Wales is working together to harness the potential of genomics to improve the health, wellbeing and prosperity of the people of Wales.

Along with our partners and stakeholders, GPW will ensure these plans will be fulfilled in the fields of genetics and genomics, while supporting the delivery of precision medicine in NHS Wales.

Email: GenomicpartnershipWales@wales.nhs.uk
Website: <https://genomicpartnership.wales>
X Handle: @GenomicWales

GS1UK Stand 27

In healthcare, GS1 standards are used to uniquely identify every person, product, and place. This enables products and medical devices to be identified and tracked through the supply chain to the patient – helping to improve traceability.

Data is commonly captured in a barcode which is scanned at the point of care as part of a programme known as Scan for Safety. NHS Wales is implementing a national Scan for Safety programme across all health boards to improve patient safety, reduce unwarranted clinical variation, and drive operational efficiencies across the health service.

Welsh NHS Confederation
Confederasiwn GIG Cymru

HBSUK Stand 11a

For over 12 years, HBSUK has helped the NHS reduce waiting times and get patients the care they need quickly by providing digital outpatient services and onsite clinical capacity. With offerings like Virtual Lucy, a digital assessment platform, HBSUK enhances patient care by providing rapid clinical assessments and tailored pathways. Their solutions range from on-site surgical services to pathway redesign, enabling flexible support that integrates seamlessly with existing healthcare systems. By combining technology and clinical expertise, HBSUK aims to make healthcare better across the UK, ensuring accessible and efficient patient care.

X Handle: [@ResearchWales](https://twitter.com/ResearchWales)

Health Education and Improvement Wales

Stand 24-25

Health Education and Improvement Wales (HEIW) is the strategic workforce body for NHS Wales. As a Special Health Authority, we have a unique contribution to make in addressing strategic and specialist workforce issues, making Wales a great place to train and work for our health and care staff and maximising the contribution of all professions and occupations through our statutory functions.

Email: heiw.communications@wales.nhs.uk
Website: heiw@wales.nhs.uk

Welsh NHS Confederation
Confederasiwn GIG Cymru

Healthcare Inspectorate Wales (HIW) Stand 30a

HIW is the regulator of independent healthcare and the inspectorate of NHS healthcare in Wales. Our purpose is to check that healthcare services are provided in a way which maximises the health and wellbeing of people. We look at the quality, safety and effectiveness of the services being provided to people and communities, drawing attention to good practice where we find it and calling out practice that could cause harm to those who are receiving it. What matters to people and communities is core to what we do. We aim to provide assurance, promote improvement and influence policy and standards.

Life Sciences Hub Wales
Stand 29

Hwb Gwyddorau Bywyd Cymru
Life Sciences Hub Wales

At Life Sciences Hub Wales, we drive the development and adoption of life science innovation in health and social care in Wales. We act as a dynamic interface, connecting life science innovators with research partners, funding opportunities and ultimately with front-line health and social care, the end users.

And because we are in continual dialogue with all of these groups, we are able to make sure that we make the biggest impact by supporting innovations that address the most vital needs.

Ultimately, our work helps not only with the mental and physical well-being of people living in Wales, propelling new innovations into mainstream use, but it also generates growth, jobs, and prosperity across our nation.

Confederasiwn GIG Cymru

NHS Wales Executive **Stand 5a**

The NHS Wales Executive is a new, national support function, operational from 1 April, 2023.

Our key purpose is to:

Drive improvements in the quality and safety of care - resulting in better and more equitable outcomes, access and patient experience, reduced variation, and improvements in population health.

Email: NHSWales.Executive.Contact@wales.nhs.uk

Website: www.executive.nhs.wales

Novocure UK Ltd

Novocure is a global oncology company working to extend survival in some of the most aggressive forms of cancer through the development and commercialization of its innovative therapy, Tumour Treating Fields (TTFields). TTFields are electric fields that exert physical forces to kill cancer cells via a variety of mechanisms.

Novocure's commercialized products are approved in certain countries for the treatment of adult patients with Grade 4 Glioma, and mesothelioma.

For more information, visit Novocure.com.

Email: uk.enquiries@novocure.com

Website: www.novocure.com

Novartis Pharmaceuticals UK **Stand 4**

At Novartis, our purpose is to reimagine medicine to improve and extend people's lives.

We use innovative science and technology to address some of society's most challenging healthcare issues and we work together with the system to implement solutions that drive access for UK patients. From research to delivery, we are a valued partner in the healthcare ecosystem, supporting in times of crisis and beyond, to build solutions that provide better care and access opportunities for every patient in the UK.

Welsh NHS Confederation
Confederasiwn GIG Cymru

Nursing and Midwifery Council **Stand 9**

Our vision is safe, effective and kind nursing and midwifery practice that improves everyone's health and wellbeing. As the independent regulator of more than 826,000 nurses and midwives in the UK and nursing associates in England, we have an important role to play in making this vision a reality.

We're here to protect the public by upholding high professional nursing and midwifery standards, which the public has a right to expect. That's why we're improving the way we regulate, enhancing our support for colleagues, professionals and the public, and working with our partners to influence the future of health and social care.

Promptly Health
Stand 32b

Promptly is an emerging global provider of end-to-end Real-World Evidence solutions.

The company connects healthcare organizations (data partners) with Life Sciences companies and AI Companies (data clients), helping them draw insights from high-quality clinical datasets, without compromising privacy and security by using a federated data infrastructure (ie. data never leaves the partners' premises), allowing sensitive data to be shared, augmented with patient-generated data, and monetized in a scalable way through data access requests (pay per data access).

With Global/EMEA-level MSAs with top Life Sciences companies, major payers, and data partners in 6 countries (Europe and LatAm), we promote better healthcare at lower costs for thousands of new patients every day through the use of real-world evidence.

Xyla Stand 2

xyla

Part of Acacium Group

Mae Xyla, sy'n rhan o Acacium Group, yn bartner dibynadwy i'r GIG, awdurdodau lleol a darparwyr arbenigol, gan ddarparu gwasanaethau llif ac atal cleifion integredig deallus sy'n gwella bywydau pobl ac yn lleihau'r galw ar y system iechyd.

Mae ein cyfres gyfannol o wasanaethau yn ymestyn y tu hwnt i gymorth ysbytai, gan gynnwys rhaglenni a gwasanaethau cymunedol, apwyntiadau lleol ar gyfer diagnosis, ac atebion iechyd rhithwir; Pob un wedi'i gynllunio i wella mynediad, cyfoethogi bywydau a gadael effaith gadarnhaol a pharhaol ar bobl a chymunedau.

Y Groes Goch Brydeinig Stand 11

Y Groes Goch Brydeinig | British Red Cross

Fel elusen ryngwladol mae'r Groes Goch Brydeinig wedi helpu miliynau o bobl yn y DU ac ar draws y byd ers 150 o flynyddoedd i dderbyn y cymorth sydd ei angen arnynt pan fydd argyfwng yn digwydd. Gan ddarparu cymorth ymarferol, lleol ac emosiynol mae ein gwasanaethau wedi'u cynllunio i helpu'r bobl fwyaf anghenus.

Gan weithredu ledled Cymru, rydym yn gweithio mewn partneriaeth agos â Byrddau Iechyd, Awdurdodau Lleol a sefydliadau trydydd sector.

O gefnogi Adrannau Achosion Brys, Ysbyty i'r Cartref ac yn ein cymunedau, credwn fod nerth caredigrwydd yn hanfodol i ddarparu gwasanaethau gwerth uchel i bawb.

Y Groes Goch Brydeinig, Dros Ddynoliaeth.

Ymchwil Iechyd a Gofal Cymru

Sefydliad rhwydweithiol a gefnogir gan Lywodraeth Cymru yw Ymchwil Iechyd a Gofal Cymru ac mae'n cynnwys ystod eang o bartneriaid ar draws y GIG yng Nghymru, awdurdodau lleol, prifysgolion, sefydliadau ymchwil, y trydydd sector ac eraill.

Rydym yn gweithio mewn partneriaeth agos gydag asiantaethau eraill y llywodraeth ac arianwyr ymchwil (yng Nghymru ac hefyd ar draws y DU), partneriaid maes diwydiant; cleifion; defnyddwyr gwasanaeth; rhanddeiliaid cyhoeddus a phreifat.

Rydyn ni'n gweithio gyda'n gilydd i hyrwyddo ymchwil ar gyfer heintiau, triniaethau, gwasanaethau a chanlyniadau a all arwain at ddarganfyddiadau ac arloesedd a hyd yn oed achub bywydau pobl.
